- 7.2 If an application is not substantially responsive, it will be rejected by TNNP and may not subsequently be made responsive by bidder through correcting the non-conformity.

SECTION IV – EVALUATION AND QUALIFICATION CRITERIA

8. EVALUATION AND COMPARISON OF APPLICATIONS

8.1 The Institute will only evaluate and compare bids that have been determined to be substantially responsive.

The following Evaluation criteria will be used: -

- a) Substantially responsive to the tender documents; and
- b) Technical evaluation where applicable
- c) The lowest evaluated price.

8.2 Abnormally Low Tenders and Abnormally High tenders

8.2.1 An Abnormally Low Tender is one where the Tender price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that the Tender price raises material concerns as to the capability of the Bidder to perform the Contract for the offered Tender price or that genuine competition between Bidders is compromised.

8.2.2 In the event of identification of a potentially Abnormally Low Tender by the evaluation committee, TNNP shall seek written clarifications from the bidder, including detailed price analysis of its tender price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the tendering document.

8.2.3 After evaluation of the price analysis and in the event that TNNP determines that the bidder has failed to demonstrate its capability to perform the contract for the offered tender price, TNNP shall reject the tender.

8.3 Abnormally High Tenders

8.3.1 An abnormally high tender price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that the committee is concerned that it (TNNP) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between bidders is compromised.

8.3.2 In case of an abnormally high price, TNNP shall compare with the market prices, and review the tender documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tender price. TNNP may also seek written clarification from the bidder on the reason for the high tender price and shall proceed as follows:

- a) If the tender price is abnormally high based on wrong estimated cost of the contract, TNNP may accept or reject the tender depending on TNNP's budget considerations.

- b) If the specifications, the scope of work and/or conditions of the contract are contributory to the abnormally high tender prices, TNNP shall reject all tenders and may retender.

8.3.3 If TNNP determines that the Tender Price is abnormally too high because genuine competition between bidders is compromised (*often due to collusion, corruption or other manipulations*), TNNP shall reject all Tenders.

8.4 Procuring Entity's Right to Accept or Reject any or all Tenders

TNNP reserves the right to accept or reject any tender or all tenders and annul the tendering process at any time prior to contract award, without incurring any liability to bidders. In case of annulment, all bidders shall be notified with reasons and all tender securities, shall be promptly returned to the bidders.
